[HB 2079](#) [Low](#) Establishes the Paid Sick Days Act which requires employers to provide sick days with pay to employees.

Bill History: 02-10-10 H Read second time

[HB 2105](#) [Curls](#) Allows mental health patients, residents, or clients who receive state-funded care or services to have their cases managed by a qualified case worker employed by the state.

Remarks: 2/26 SUBJECT: The GOOD DMH Case Managers: as we continue to fight against the transformation of services moving to SB-40 boards, there is now HB 2105 sponsored by 8 House Representatives that will propose the State offer to consumers case management services every County by a bona fide State-employed Case Manager. This insures you have a choice.

Here is a question to ask yourself: If all the cases go to the counties, what happens to the Parent Advisory Committee for the Northwest Autism Project? If all the cases go to the counties, but the 1 million dollars of funding is still at KCRO, how will your case managers really know what is going on? Will this improve the flow of information, or could it completely block knowledge, slow down processes, and even more afford favoritism in the administration of monies?

These Legislative fights need the support from you, if this is something you believe is needed for parents and individuals with autism and developmental disabilities.

The dates are: March 2, March 3, and March 24

Thanks,

Kim Elliott
